

Spark Signs & Graphics - Boosting Business

Spark Helps Oxford Athletic Club Get in Shape

[Oxford Athletic Club](#) is undergoing extensive renovations in the coming year and Spark Signs was involved in helping to communicate upcoming changes to members. We used artwork provided by our client and printed vibrant color graphics on a removable vinyl through our high-quality HP Latex printer. The real fun was installing the graphics on three curved walls in Oxford's main atrium area, with the longest wall being 33 feet. The walls have become real 'head turners' for members walking by and have been a great internal marketing tool to get them excited about the changes happening at the Club.

And other projects that kept us busy.

NexTier Bank - Illuminated Channel Letters

[NexTier Bank](#) needed to add marketing punch and update its logo on two of its retail offices. We obliged by fabricating and installing three illuminated channel letter signs, complete with 'raceways' so they could be cleanly attached to the buildings. Each raceway is nearly 20 feet long, with 25" tall letters.

Cool Springs Sports Complex - Pole Banners

[Cool Springs Sports Complex](#) wanted to highlight the many sports one can play at its facility. Spark jumped in by producing 36 vinyl banners with graphics that represented 9 different sports, as well as Cool Springs' on-site restaurant. We also utilized pole hardware to make the installation simple and look great.

Chapman Westport - Directional Signage

We have been working closely with client [Chapman Westport](#) to map out various signs in this emerging business park near the Pittsburgh International Airport. In this case, we designed, fabricated and installed 9" tall laser-cut acrylic letters branding the park and identifying its most important road intersection. Look for more of our work at the business park in coming months.

Wexford Fire Department - Sign Panels

We were very proud to respond to the [Wexford Volunteer Fire Company](#) and its request to provide high impact graphics for their new monument sign. We worked closely with one of their fire fighters, who was a successful designer in his previous career, to procure and paint two panels. Additionally, we printed and applied vibrant graphics to identify this true community treasure more clearly.

RSG1 - 8th Annual Valentine's Day Race

Spark has been a long-time supporter of the [RSG1 Foundation](#). RSG1's mission is to advance cures and therapies for patients afflicted with brain tumors, cancer and other neurological diseases. Please join Spark and

hundreds of runners at North Park on Saturday, February 10 to support a great cause! Input the code LOVE5 to receive a discount when registering.

Connect with us.

Log on to our [website](#) to learn more about the types of custom signs we create, or stop by our showroom, from where we serve the entire Pittsburgh area.
