

DUCHÂTEAU
Unlike any other

Greener Stock is excited to announce the introduction of DuChâteau to their showroom!

DuChâteau® is an encompassing lifestyle brand, manufacturing luxury architectural finishes from flooring to wall coverings and beyond. The company introduced wide-plank, hard-wax oil finished flooring to the U.S. market back in 2007.

DuChâteau marries fine, old-world craftsmanship with state-of-the-art technology. The timeless, yet incredibly personal design statements herald a new era of design innovation - one that seats nature with fashion and architecture.

DuChâteau believes that showcasing the luxury and beauty of nature should not come at the detriment of nature itself. As a major proponent of sustainability, DuChâteau is committed to the environment, and ensuring its future. DuChâteau wood products are certified by the Forest Stewardship Council® Chain of Custody Standard. As a proud member of the U.S. Green Building Council, all DuChâteau wood products contribute to LEED Credits.

Meet Julie Van Winkle, the DuChâteau Residential Territory Sales Manager, and expert on all things DuChâteau:

“I’m so excited to be part of the Greener Stock family, and to be bringing our unique and elegant flooring to you.”
