

Spark Signs & Graphics - Boosting Business

Creativity, Data Science, Technology & SIGNS!

[Brunner](#), a premier integrated marketing agency, recently completed a beautiful renovation of its downtown Pittsburgh office. We were honored to be involved as we created a 48" diameter wooden "B" lobby logo and eight 19"x27" Pantone chip signs. We also printed and applied three conference room wall graphics, which included award-winning creative for the agency and 17 individual conference room identifiers.

Other great projects we've been immersed in.

Pineapple Payments - Wall Wraps

[Pineapple Payments](#), which offers versatile payment processing solutions to businesses from start-ups to Fortune 500s, continues to update its new downtown space. They brought Spark back in recently to add more flair and interest to several of its office walls. We completed three full wall wraps with cool images of Pittsburgh bridges, like the one shown here.

The Alden - Monument Sign

[The Alden](#), a multifamily residential complex, called on Spark to help with a major rebranding on its campus in the South Hills. We fabricated and erected a monument sign that serves as the main feature at the entrance to the complex. We simulated a Corten-steel look as the base of the structure, along with aluminum framing, thick PVC lettering and push-thru acrylic lighting.

Solevo Wellness - Building Signs

[Solevo Wellness](#), one of Pittsburgh's first medical marijuana dispensaries, needed two large building signs as part of its opening process in Squirrel Hill. Situated on two top corners of the renovated building, each custom painted aluminum sign was 30" x 80", constructed to Solevo specifications and included 1" white PVC letters to add dimension.

MHY Family Services - Multiple Signs

[MHY Family Services](#) recently dedicated the PNC Learning Pavilion on its campus and selected Spark to design, fabricate and install two carved signs - a handsome post and panel along the path to the pavilion and a name marker above the main door. Joining the dedication were members of the Leadership Butler County class (an affiliate program of the Chamber) that was instrumental in the pavilion being built.

PCGRE and Steiner Realty - Banners

If you need to promote a sale, an event, or are looking for a short-to-mid term sign option, consider banners. We created banners recently for two of our clients, [PCGRE](#) and [Steiner Realty](#). PCGRE is promoting a property in the North Hills that will include a Starbucks, and Steiner wanted signage to mark its 5th Avenue School Lofts building and to highlight which units are available for lease.
