

## Spark Signs & Graphics - Boosting Business

### Interior Signage for Downtown HBK Office

[HBK](#) allowed us to put the finishing touches on their new Valuation, Litigation, & Forensics office space. We provided identification graphics on the front door, conference room privacy film, and a dimensional lobby sign.

We fabricated the custom lobby sign from cut aluminum with a brushed finish. We utilized etched privacy film and printed the HBK "lotus" logo and applied the graphics to the glass windows. Plus, every company within the office building is required to have identification graphics. We fulfilled this need by applying vinyl lettering to let people know the name and hours of the company.

Check out some of our other work from [March](#)

### Mike's Beer Bar - Exterior Signage

The newest specialty craft beer bar on the North Shore of Pittsburgh, [Mike's Beer Bar](#), had a tight schedule and Spark jumped in. We fabricated two lighted and three awning signs that highlighted the number of different beers (over 500) and rotating taps (80). See our [Flickr](#) album.

### PCCG - Identification Lettering

We completed this project for [PCCG](#), a tenant at 11 Stanwix Street in Pittsburgh. We laser cut 1/4" black matte acrylic letters and logos and applied them to both sides of two pylons - one next to Stanwix Street and the other at the building's entrance.

### Pinewood Place - Lobby Directory Signs

The developers at Pinewood Place in Warrendale came to us to design and produce lobby directory signs. We worked hand-in-hand with our client to understand the space and what they needed. The result: custom designed inserts placed inside these handsome curved frame systems.

### Freshii - Interior Sign

One of the newest fast-casual restaurants in Cranberry Twp., [freshii](#), gave us the opportunity to supply two large lighted channel letter signs and the interior logo sign shown here. We placed these oversized acrylic letters on a really cool wall - one with mini green ivy - to further enhance the freshii brand.

Canvas Prints for Atria McCandless

[Atria McCandless](#), the area's newest senior living community is set to open this fall near McCandless Crossing. To help with their debut, we installed 25 vivid canvas prints and sample finish boards in the Atria sales center.
