

Here is your chance to get your foot in the door in the Fire Safety industry.

A local fire extinguisher service company is now accepting applications for **Licensed Fire Extinguisher Technicians**.

Duties include installation, inspection, and repairs of extinguishers in commercial and residential settings. May also include repair and recharge of extinguishers. This is NOT a sales position.

Benefits of working for our company:

- * **Licensed Technician** starting pay is commensurate with experience.
- * Yearly and merit raises up to **\$20/hour** depending on performance.
- * A service vehicle will be provided for use during the work day, and we cover the cost of daily gas expense.
- * A company phone is also provided.
- * Licensed technicians will have the option to join the company offered health care insurance plan after 90 days of employment.
- * We give the following paid holidays off - Thanksgiving Day, Christmas Day, New Year's Day and July 4th if it falls on a Monday-Friday, and is a regularly scheduled work day for the employee.
- * We also offer PTO, which begins accruing after one year of employment.

Job Requirements - Education, training, experience:

- * We are seeking a candidate who wants a FULL TIME, stable job, with a growing company.
- * Has, or is able to obtain Fire Extinguisher license - FEL (Class B).
- * Self motivator with little direct supervision required
- * Conduct inspections for new and established customers in a timely manner while maintaining high standard of quality work
- * Able to obtain knowledge of all fire extinguishers
- * Ability to complete and identify code issues and solutions
- * Able to obtain knowledge and ability to survey equipment and complete paperwork
- * Perform work in an efficient and organized matter
- * Maintain accurate and precise documentation daily
- * Clear, legible handwriting a must
- * Display professional appearance
- * Maintain a clean and safe work environment
- * Professional communication with customers and ability to provide excellent customer service
- * Motivated to achieve a high standard of productivity
- * High school diploma or GED required
- * Must have basic math skills
- * Valid and clean driver's license required
- * Must have a clean criminal history
- * Must pass a drug screen and background check
- * Must have references

*****Those individuals with former military experience, are encouraged to apply.*****

** Dress code is jeans, company shirt (provided) and steel toe boots.
