

## COVID-19 Precautionary Measures

Ambli takes all health concerns and hygiene very seriously and will continue to monitor and comply with any additional health department standards.

In addition to our normal daily standards of cleanliness, we are:

- Using additional disinfectant products to sanitize all surfaces, phones, door handles, bathroom hardware, etc
- Installing additional hand sanitizer dispensers for guests and staff
- Sanitizing Tables & Chairs following each seating
- Sanitizing Menus following each use
- Increasing Hand washing: Instructing all employees to wash their hands thoroughly and often
- Servers are instructed to wash hands hourly, adhering to CDC standards
- Conducting daily “wellness check-ins” with Servers and Kitchen team before each shift
- Asking staff members to stay home if they are feeling unwell (and expecting the same courtesy from our guests if they are feeling unwell)

If you are dining out, we look forward to seeing you at Ambli! If you decide to eat at home, you can still enjoy our food as all of Ambli’s menu is available for pick-up. Just call the restaurant directly and we will have everything packed and ready for you.
