To that end we would like to address the growing concerns about the Coronavirus (COVID-19) and ensure our guests that we are taking extra precautions and staying informed on this rapidly evolving situation. It is our mission and ongoing commitment to provide our guests with the highest level of quality food and service in a clean and safe environment. We have extensive cleanliness policies and procedures in place to help protect against the spread of bacteria and germs.

WHAT WE DO:

We pride ourselves in having ServSafe certified employees at all locations who are trained and tested in proper food handling and sanitation. In addition, each Shield's location conducts daily internal inspections and adheres to the strict guidelines set forth by the local health department 100% of the time. We follow guidelines set forth by the local health departments, CDC, and the Michigan Restaurant Association and require all staff members to take preventative actions such as:

* Using gloves and washing their hands regularly for at least 20 seconds and using an alcohol-based sanitizer between washings
